

### **III. COMMENT AND RESPONSES**

---

Pursuant to 6 NYCRR 617.14, this FEIS includes responses to comments on the Draft Environmental Impact Statement (DEIS) that were presented verbally at the Public Hearings on 09/28/2005 and 10/19/2005, and in writing by area residents, interested and involved agencies including the City of Yonkers, and all others who commented. All of the comments received can be found in their original form in the appendices of this FEIS. The following section contains these comments categorized by type and followed by a response that addresses the concerns of the comment.

In some cases the remarks of a single commenter have been separated in order to address each aspect of the commenter's concern separately. In other cases, similar comments have been grouped together and given a single response. Every comment received on the Proposed Action has been addressed.

The comments and responses have been divided into the following categories:

- A. Traffic and Parking
